Beacon Vlei Guest Farm

Beacon Vlei Guest Farm is a family-friendly establishment, centrally located on the famed Midlands Meander, and only 1km from Michaelhouse School. Fishing is one of the main activities at Beacon Vlei. The dam used to be one of Natal's top fly-fishing dams and the Natal record (now broken) Rainbow trout was caught in the dam in 1967 by a Michaelhouse boy. In 1987, the floods brought bass downstream and they are now more prevalent than trout. Bass up to the size of 3.5kg have been caught in the dam. Fishing is free for guests provided they bring their own rods and tackle. There are numerous boats, which are free for guests to use for fishing or just for a row on the dam. Other activities on site include birding, hiking trails, cross-country running, photography, picnics, swimming and there is also a range of other activities available in the nearby vicinity. We have four beautiful self-catering cottages of which three have water frontage and amazing views across the valley. All cottages and rooms are equipped with the highest quality linen, bedding and mattresses to ensure a comfortable and relaxing stay. All the self-catering cottages have fully equipped kitchens and DSTV.
